

ISAIA

ISAIA | sospensione

LED luminaire for suspended installation in square shape, available in direct and direct / indirect light version, made of extruded aluminum profile and without welding points, powder coated and supplied with suspension kit complete with 2000mm cables. Suitable for lighting, conference rooms, multifunctional environments or prestigious private residences. The extremely reduced profile makes the device light and extremely versatile for various uses. Thanks to the special one-piece anti-glare diffuser in opal methacrylate, the fixture is suitable for installation in workplaces with the presence of operators for long periods.

Source
LED module specially designed to ensure maximum uniformity and the total absence of point light.

Optics
Roto-symmetrical (see table opposite) protected by an opal methacrylate screen designed to reduce glare.

Power supply
Electronic power supply integrated in the body of the fixture, available in standard (on-off) and dimmable (DALI) versions. Power supply 220-240Vac 50 / 60Hz.
