

A black and white architectural rendering of a modern building at night. The building features a prominent horizontal band of glass and metal, illuminated from within. Below this band, a wide, paved walkway leads towards the building. The walkway is lined with small, rectangular, illuminated bollards that cast a soft glow. Two figures are walking on the path, one further ahead and one closer to the foreground. In the background, a range of mountains is visible under a dark sky. The overall atmosphere is serene and modern.
